

# 1st Anniversary

## Across

- 3.** The dreadful thing that we had to clean up a million of right when we moved into our cute new apartment
- 6.** The thing I, very nervous at talking to you in the hall, asked you for
- 8.** The place we all went on your birthday where there was spilling of drinks
- 10.** The type of snack that started off the 12 days of Christmas

## Down

- 1.** The place we went this April and May for my first time
- 2.** My occasional nickname for you
- 4.** The food that was both our first meal together and the thing we made a heart out of for a Prom date
- 5.** You gifted me a red velvet one of these as a part of a birthday present
- 7.** The thing you and Alex got into my hair one of the first times you came to my house
- 9.** The substance you hid a clue in for a birthday present while we were engaged
