# ⚡ 3D Shapes ✨

## Across

7. a kind of three-dimensional diamond (this one's a bonus)

8. the shape of a domino

10. has 7 faces - six of which are triangles that meet at a point

11. the tombs of pharaohs in Egypt

12. shape of a regular tissue box

## Down

1. meets at point and it's base is a pentagon

2. the shape of a battery

3. the shape of a baseball

4. the shape of a Toblerone chocolate bar/tent

5. is similar to a tetrahedron and has 20 triangular faces

6. the crispy ice cream holder

9. another word for a prism
