

# Aerobic Dive Limit

## Across

2. \_\_\_\_\_ aerobic dive limit  
 3. \_\_\_\_\_ oxygen stores are affected by activity level and exposure to diving  
 5. rapid decrease in heart rate  
 9. muscle oxygen stores are function of \_\_\_\_\_ concentration  
 10. ADL defines aerobic diving \_\_\_\_\_

11. redistribution of blood to vital tissues

## Down

1. respiration without use of oxygen  
 4. rapid increase in heart rate  
 6. \_\_\_\_\_ dive limit  
 7. diving \_\_\_\_\_ rate  
 8. one of the two possible products of anaerobic respiration
