

# Airpower Theory and Strategy

## Across

5. Douhet stated that \_\_\_\_\_ is inherently offensive.

7. \_\_\_\_\_ was the fourth ring of Warden's Five Ring Model, compared to the millions of cells in each body that sustained the whole.

9. The \_\_\_\_\_ ring is the most critical ring as it alone can make the complex decisions required for countries.

10. \_\_\_\_\_ refers to the thinking behind how best to fight.

11. Douhet believed air attacks should focus on destroying the enemy population's \_\_\_\_\_.

12. According to one of Mitchell's four point is that aircraft today are the only effective means of \_\_\_\_\_.

## Down

1. The \_\_\_\_\_ served as the first doctrinal center of military aviation.

2. Col. John Boyd's fast transient maneuver ideas became the \_\_\_\_\_ loop.

3. Douhet thought the psychological effects were greater than the physical destruction when using \_\_\_\_\_.

4. \_\_\_\_\_ included the Bomber Offensive in Europe and the B-29 campaign in Japan and culminated in the dropping of the atomic bombs.

6. \_\_\_\_\_ was the first theorist to write seriously about the use of airplanes in war.

8. This aircraft, introduced in the 1930s, was paired with the Norden bomb-sight to revolutionize bombardment aviation.
