

Art 1 Test

Across

1. A color mixed with white, sometimes called a pastel.
 3. The element of art that refers to the surface quality or feel of an object - its smoothness, roughness, softness, etc.
 6. Any three dimensional object that can be measured by height, width, and depth.
 8. Common name for a color.
 11. A way of combining visual elements to produce a sense of action - or implied motion.
 14. Circular representation of the colors.
 15. A flat figure created when actual or implied lines surround a space - can be geometric or organic.

16. Area in a work of art that catches and holds the viewer's attention.
 18. A mark with length and direction, created by a point that moves across a surface.
 19. A feeling that all of the parts are working together as a team - the quality of wholeness.
 20. Principle of design referring to the way the elements are arranged to create a feeling of stability in a work - parts of equal visual weight.

Down

2. The three basic colors that can't be made by mixing colors.
 4. A visual tempo or beat
 5. Orange, green, and purple (or violet)

7. Colors that are directly opposite on the color wheel. When mixed together, they make a neutral gray or brown.
 9. Element of art produced when a wavelength of light strikes an object and reflects back to the eyes.
 10. A large difference between two things: For example, rough and smooth, or white and black.
 12. The empty or open area between, around, above, below, and within objects.
 13. An element of art that refers to the lightness or darkness of a color.
 17. A color mixed with black.
