

Name: _____

Date: _____

Atom Vocabulary

Across

- 2. Number of protons
- 5. Outermost energy level
- 6. Charged atom
- 9. Same number of protons and electrons
- 10. Positive charge

Down

- 1. Made up of electrons around the nucleus
- 3. Proton + Neutron
- 4. An atom with the same number of protons but different number of neutrons
- 7. No charge/neutral
- 8. Negative charge
