

Biological Approach

Across

- 5. The way genes are expressed
- 6. A theory explaining the evolution of animals
- 7. Identical twins
- 8. This is a contrast to which approach?
- 9. A person's genetic makeup

- 10. Understanding of biochemicals in brain has lead to development of ... drugs

Down

- 1. Strength of the approach as it can be measured and tested
- 2. Non identical twins
- 3. Weakness of the approach as it is oversimplified
- 4. Make up chromosomes and consist of DNA
