

Biology Unit 3

Across

2. the kind of cell that does NOT have a cell wall

5. Hair like projections

10. Stack of thylakoids

11. structure used to detect light

12. POWERHOUSE

14. A rigid structure that surrounds the cell membrane

15. produces and assembles proteins

Down

1. structure in cells of plants and some other organisms that captures energy

3. stores water and other substances

4. cell type with a nucleus

6. a jelly like fluid inside the cell

7. Whip like tail

8. the male gamete

9. the female gamete

13. the center of most cells
