

Name: _____

Date: _____

Biotechnology

Across

- 3. Microorganism involved with baking
- 9. Use of biological systems to remove soil and water pollution
- 10. Growth rate of microorganisms
- 12. The name for microscopic organisms
- 13. Name of process for applying biological organisms/enzymes to the synthesis/breakdown/transformation of materials for humans

Down

- 1. _____ allows microorganisms to be manipulated
- 2. Type of fungi used in biotechnology
- 4. _____ requirements for microorganisms are simple & cheap
- 5. Microorganism involved with yogurt-making

- 6. Microorganism involved with cheese-making
- 7. Most commonly used organisms in biotechnology
- 8. Microorganism involved with brewing beer
- 11. Microorganisms have a _____ life cycle
