

Name: _____

Date: _____

CR/DR

Across

- 2. data in discrete values
- 5. element used in indirect DR
- 11. number of occurrences of a repeating event
- 12. _____ iodide; a scintillator
- 15. a device used to view soft copy
- 16. theorem that the # of measurements must be 2x the frequencies
- 17. transfer of data between 2 or more points not directly connected

- 18. element used to provide electrons for a PSP
- 20. step by step set of computer instructions
- 21. measuring digital data
- 23. emits light with stimulation
- 24. available greys for each pixel
- 25. a wrap around artifact
- 26. ability to "see" small high contrast items

Down

- 1. _____ transfer function
- 3. element used in direct DR
- 4. 2d picture element

- 6. emits light after stimulation
- 7. text or numbers added to a digital image
- 8. a graph of frequencies of occurrences
- 9. type of laser used in CR
- 10. CR artifact left by improper clearing
- 13. post processing way to change grey scale
- 14. bad electrical signal
- 19. black parallel lines on a white background
- 22. array of columns and rows
