

Caring For Your Brain

Across

2. Other topics you can learn but are not mandatory to do.
4. This you use to think and to control your body.
6. The weight you carry on your shoulders when trying to fit in at school is?
8. Can be a rude name to call someone who is smart, or likes school and learning.

9. To want something really badly.

10. To talk, text and call are all ways of?

Down

1. Your friends can give you a suggestion on what to do.
3. What your teacher gives you after a few lessons about a subject.
5. What a teacher does to an assignment or test.
7. The time you spend on electronics.
