

Cats

Across

- 2.** A toy cats play with that can burn your eyes out
3. A completely unnecessary object that your cat scratches
4. The part of your cat that can smell you from a mile away
9. Cats mortal enemy
10. The sharp things coming out of your cat's paws that certainly can't kill you
14. The one thing that can kill your cat (because they're immortal)

- 15.** The part of your cat that watches your every move
17. The food you give your cat when it is good (which is always)

Down

- 1.** The part of your cat that can tear you shreds and eat you afterwards
5. The food you feed your cat
6. The noise your cat makes when happy
7. The best animal in the world
8. The fluff on your cat

- 11.** The thing your cat does when it gets tired
12. The sound your cat makes
13. The animal your cat mercilessly chases and plays with
16. The part to your cat that can hear and track your every move
