

Cellular respiration and photosynthesis

Across

5. What is the chemical equation for photosynthesis?
7. What does ATP stand for?
9. What color does the chloroplast reflect?
10. Where is photosynthesis work?

Down

1. what is the chemical equation of cellular respiration?

2. where does cellular respiration work?
3. what is the process that creates energy with light?
4. how much ATP does cellular respiration make?
6. How much ATP does Photosynthesis make?
8. what do photosynthesis and cellular respiration both make?
