

Changing Places

Across

1. Physical structures and facilities
3. Rural extreme-peasant society, idyllic community
6. A particular place or region
11. Fear or dread of a place or location
12. Conditions of the social situation

13. Town where the highstreets are dominated by chainstores

14. A sense of no connection with a community or location

15. How people interact with a place

Down

2. Structure of populations
4. Urban extreme-ever-changing nature of large, cosmopolitan commercial cities

5. A place you have been to and connected with

7. Factors which originated externally

8. Factors which originated internally

9. Strong sense of place, mixed with cultural identity

10. A place where something happens or has events associated with it
