

Characteristics of a Lesson Plan

Across

5. What you want your students to know by the end of a lesson.
 8. Supervised student involvement of new concepts.
 9. The process of students applying and practicing concepts on their own.
 10. Important verbiage and definitions related to lesson objectives.

Down

1. Provides valuable feedback while evaluating students ability to meet lesson objectives.

2. The way in which information is shared with students as well as the methods used to help them master new material.
 3. Students are able to apply new concepts in cooperative activities.
 4. Previous life experiences and or prior learning.
 6. Things you will need to teach a lesson.
 7. The presentation of new concepts included in the lesson objectives.
