

Clippers and Trimmers

Across

- 7. Another name for Trimmers.
- 8. Used for shorter haircuts and can be used to create tapered haircuts.
- 9. Where and how you stand when cutting.
- 11. Comes in lengths ranging from 1/8 inch to 1 inch
- 14. Need to be cleaned with a clipper brush after each client usage.

Down

- 1. The direction you go against when using clippers.
- 2. Heavy areas of hair built up in a haircut.
- 3. Have a smaller and finer blade that cuts closer to the skin.
- 4. Found on the side of the clippers, varies the distance that the clipper is held from the head.

- 5. The area that you are cutting on the head.
- 6. Used to clean combs, scissors and cutting tools.
- 10. Always used when using clippers or Trimmers.
- 12. Creating lengths from very long to short.
- 13. One drop of this is applied to the clippers.
