

# Command words

## **Across**

**6.** add notes or labels to a map or diagram to explain what it shows.

**8.** look for the differences between features or places. Often the question will ask you to compare and contrast.

**10.** usually wants a long answer, describing and giving reasons for or explaining arguments for and against.

**11.** add to a map or graph to finish it off.

**12.** look carefully at a map, photo, table, diagram etc. and say what it shows.

**14.** give reasons for the location or appearance of something.

## **Down**

**1.** explain what something means e.g. hydraulic action.

**2.** reasons for the location of something such as a factory.

**3.** name, locate, recognise or select a particular feature or features, usually from a map, photo or diagram.

**4.** put onto a map or diagram.

**5.** give details about what a map or diagram shows.

**7.** usually wants a long answer, describing and giving reasons for or explaining arguments for and against.

**9.** look for ways in which features or places are similar or different. e.g. a city in a LEDC compared to a MEDC

**13.** a sketch map or diagram with labels to explain something.
