

Design Tech - Polymers

Across

- 2. Little or no damage to the environment
- 3. Chemical structure, made of long repeating chain of molecules
- 6. Thermoplastics can be _ _ _ _ _
- 7. Tough and flexible, used for washing liquid

- 8. Used for inflatable dignys
- 9. Used for casting or embedding, as when making a paper weight
- 10. This is used to drain pipes
- 11. Used to make glues

- 12. Oil, Water, Air & Salt are found in

Down

- 1. Used for selling hot food and drinks for takeaway
- 4. This item can not be used when it gets hot
- 5. Having a limit or an end
