

# Design elements and principles

**Across**

- 3. The rose had a (what) of red
- 5. The outline of something or someone
- 8. When all the design elements compliment each other
- 10. You have good (what) if you can stand on one leg
- 11. When something has special importance

**Down**

- 1. A long or short narrow mark
- 2. The size, shape and visual weight of objects
- 4. The feeling of a surface or substance
- 6. When design elements are repeated
- 7. The configuration of something
- 9. An unoccupied area
