

# Dog Breeds

## Across

**3.** I have the appearance of a mop, I am bred to guard livestock.

**5.** I am known as the great dog of the mountains, I'm a big white fluff (:

**11.** My footprints are the closest to those of a wolf, I originated in Asia and I herd reindeer.

**12.** I was used to herd cattle to and from markets and I am very protective of my owner.

**13.** My life span is 8-12 years, families favor my kind since we get along with everyone, including other dogs

**14.** I am a watchdog and I'm used in police work, my life span isn't long, but I am playful, good natured, and very loyal.

**15.** I am known as the Apollo of dogs, I originated as a German dog.

## Down

**1.** I am the most popular breed of the toy dogs and can live up to 16 years.

**2.** I am used as a service dog and I am part of the sporting group.

**4.** I am also known as pembrokes and am the smallest in the herding group.

**6.** A group of my kind is known as a grumble and I've been treated as royalty.

**7.** I am a lapdog companion and I originated in Mexico

**8.** I am commonly known as a weiner dog and I am a great companion dog.

**9.** When I hunt I like to be in a pack, I am a small hound that makes a great family pet.

**10.** I am originally bred for hunting and I am high maintenance.
