

# ECONOMICS REVIEW

## Across

- 2. A product that one person can consume without reducing its availability to another individual, and from which no one is excluded.
- 6. Something that satisfies human wants and provides utility.
- 7. A service with intent of making profit.
- 9. A good for which, other things equal, an increase in income leads to a decrease in demand
- 10. Goods bought and used by consumers, rather than by manufacturers for producing other goods.

## Down

- 1. Goods that have an element of non-excludability and non-rivalry.
- 3. A product that must be purchased to be consumed, and its consumption by one individual prevents another individual from consuming it.
- 4. Those who benefit from resources, but do not make any contributions in funding.
- 5. A good for which, other things equal, an increase in income leads to an increase in demand.
- 8. Economic activity where an exchange of value occurs.
