

Elements, Mixtures and Compounds

Across

- 8.** Mixture which has a non-uniform composition.
- 9.** State of matter particles bouncing off each other
- 10.** State of matter in the sun
- 11.** Unable to dissolve

Down

- 1.** Substances that are not chemically combined

- 2.** Mixture which has a uniform composition

- 3.** Molecule made of atoms from different elements.

- 4.** Metal used to make some coins

- 5.** Cannot be separated into simpler substance by physical or chemical means

- 6.** Element that is shiny and conducts heat and electricity

- 7.** Common metal, expensive, shiny yellow
