

Name: _____

Date: _____

Elements

Across

- 3. This elements Chemical symbol is Co, its Atomic mass of 58.9 and its in group nine
- 6. This elements Chemical symbol is Au and its atomic number is 79
- 10. This elements atomic number is twenty
- 11. This elements atomic number is five and in group thirteen
- 12. This elements Chemical symbol is Re and in group seven

14. This elements atomic mass is 47.9

15. This elements atomic number is 74

Down

- 1. This elements Atomic mass of 101.1 and in group eight
- 2. This is an element in group one
- 4. This elements atomic number is 14 and its chemical symbol is Si
- 5. This elements Chemical symbol is Sb and in group fifteen

7. This element is an liquid

8. This elements Chemical symbol is Nb and is in group five

9. This element is in group three and the Chemical symbol is an Sc

13. This elements Atomic number is 28 and the Atomic mass is 58.7 and in group 10
