

# Elements and Principles of art

**Across**

- 2. The visual equilibrium in work of art
- 4. The bending and reflection of energy rays from the sun called light either through a prism or from a reflection off a surface
- 7. The repetition of visual movement
- 11. The repetition of a motif across a surface
- 12. A mark made with length and direction across a surface

- 14. The empty or open area around, between or within and object
- 16. The relationship of the parts to the whole object

**Down**

- 1. The differences between multiple objects in a work of art
- 3. Directs the viewers eye through a work of art
- 5. A flat figure created when actual or implied lines meet to surround a space

- 6. The most important part of a work of art. It is created by using dominance and focus
- 8. The differences between two objects
- 9. The lightness or darkness of a surface or object
- 10. The cohesive quality that makes an artwork feel complete
- 13. The way a surface feels or how it should feel; it can be sensed by touch or sight
- 15. Any three dimensional object

**Word Bank**

- |          |          |            |          |         |         |
|----------|----------|------------|----------|---------|---------|
| Emphasis | shape    | Unity      | Contrast | Rhythm  | Balance |
| Value    | Movement | Proportion | Line     | Pattern | Texture |
| Variety  | color    | Form       | Space    |         |         |
