

Name: _____ Date: _____

Elements and atoms

- | | |
|--|-------------|
| 1. Found in the nucleus, P | A. Positive |
| 2. Found in the nucleus, N | B. Group 18 |
| 3. Protons have this kind of charge | C. Neutral |
| 4. Neutrons have this kind of charge | D. 3 |
| 5. Electrons have this kind of charge | E. Periods |
| 6. Smallest unit of matter | F. Elements |
| 7. Appears on the periodic table | G. Atoms |
| 8. Numbered 1 through 18 | H. Groups |
| 9. Numbered 1 through 7 | I. Group 1 |
| 10. Hydrogen is found in which group? | J. Negative |
| 11. Neon is found in which group? | K. Neutron |
| 12. How many valence electrons does Aluminum have? | L. Proton |
