

Energy

Across

5. Asking information

9. Stored energy

11. sum of kinetic and potential energy

13. Heat transfer through a material

14. heat transfer through mass motion of a fluid

Down

1. Temperature

2. energy of electromagnetic waves

3. To discover and examine the facts

4. The energy released during nuclear fission or fusion

6. Scientific guess

7. heat transfer through light

8. Arminder's mouth

10. Ability to do work

12. energy related with the vibration of matter
