# Energy

## Across

- 5. Energy from the movement of objects
- 7. Energy stored in objects (ex: stretched rubber bands)
- 9. Stored energy or energy of position
- 10. Energy from the movement of electrons
- 11. Energy of place or position

## Down

- 1. Energy stored in the nucleus of an atom

- 2. Energy of moving or vibrating molecules causing heat
- 3. Energy of a moving object
- 4. Energy that we can hear
- 6. Energy that moves through space in waves (ex: light)
- 8. Energy stored in bonds of atoms and molecules

## Word Bank

- |                   |               |                |                  |
|-------------------|---------------|----------------|------------------|
| Sound             | Motion        | Kinetic Energy | Potential Energy |
| Nuclear           | Electrical    | Radiant        | Chemical         |
| Stored Mechanical | Gravitational | Thermal        |                  |
