

Energy Vocabulary Check

Across

- 2. Potential Energy Equation
- 4. Energy is neither created nor destroyed
- 7. Energy stored for later
- 10. Energy of movement

- 11. Energy associated with heat
- 12. Energy stored in objects that are stretched

Down

- 1. Energy stored in food and fuel
- 3. Energy for objects above Earth's surface

- 5. Energy flowing through a wire
- 6. Kinetic Energy equation
- 8. Work done over time
- 9. The ability of a force to move an object a distance

Word Bank

Chemical Energy
 Gravitational Energy
 Kinetic Energy
 Potential Energy

Work
 $KE=1/2mv^2$
 Thermal Energy
 Law of Conservation of Energy

Power
 Elastic Energy
 $PE=Fwh$
 Electrical Energy
