# Engineering

## Across

- 4. satellite
- 5. rocket
- 8. coding and system analysis
- 13. farming equipment and farm stucture
- 15. car servicing
- 17. measurement equipment
- 18. calculate and draw equipment
- 20. non fossil fuel

22. recycle of household refuse

23. Fission or fusion

24. Rotating equipment

## Down

- 1. product production
- 2. reservoir and catchment storage and supply
- 3. plan or reactive repair of equipment
- 6. plant or organic
- 7. ship or offshore
- 9. plant or organic

10. power generation and networks

11. automation of equipment

12. land, roads or city infrastructure

14. process of/ or combination of materials

16. health equipment design

19. aircraft or wind tunnel testing

21. well drilling and oil production
