

Name: _____

Date: _____

Engineering Careers

Across

- 4. Mining, forestry, and geography
- 6. Quality of aqua
- 11. Crude oil, natural gas
- 12. Production of airspace
- 15. Habitats of animals
- 17. Lightning Conductor
- 18. Seagoing Vessels and Structures
- 22. Computer ware for business and personal use

- 23. Nuclear Fission
 - 24. Phones, transmit data
 - 25. Proper foods and healthy foods
 - 26. Stress point of material
- ## Down
- 1. Biology, medical engineering
 - 2. gas and oil mechanics
 - 3. Tunnels, roads
 - 5. Factories
 - 7. Design processes

- 8. Inspects how it is
- 9. Power, water, gas, goods
- 10. Makes cars, trains, safer
- 13. Power Supply and Generation
- 14. Manipulate atoms and molecules
- 16. Human Mechanics and moves
- 19. Makes air efficient
- 20. Rails
- 21. X-ray Mechines
