

Name: \_\_\_\_\_

# Engineers

## **Across**

- 4. study dna**
- 7. design mining machines**
- 14. make nuclear power plants**
- 15. supervises lighting and manufacturing**
- 16. make planes and space crafts**
- 17. test's stress points**
- 18. tests water quality**

**19. designs animal habitats**

**20. design phones**

## **Down**

- 1. design electric wires and poles**
- 2. designs jet engines**
- 3. insulate houses and buildings**
- 5. make tools for doctors**
- 6. study's movements humans make**

**8. advances in medical tech**

**9. Make Anti-Lock Brakes**

**10. makes sure a product is of good quality**

**11. design highway and flow of traffic**

**12. make food processing machines**

**13. make paper making machines**
