

Enhancing Family Functioning and Relationships

Across

5. Foster or Adoptive families

8. Communication that relies on non-verbal messages

10. When what is being said does not match non-verbal cues one is said to be in _____ dissonance

11. Change which involves family system structures

12. Family members role-play

Down

1. Communication that relies on verbal messages

2. "I will do the dishes if you set the table"

3. Rigid or overly restrictive boundaries between members

4. Process of engagement where the social worker "enters" the family

6. "Chitchat" found at the beginning of a session; used to reduce tension

7. Change which uses the already in-tact family structure

9. Social workers may have to address family members according to age-sex
