# Entrepreneurship Chapter One

## Across

- 7. People who work for someone else
- 8. The process of running a business of one's own
- 9. A business that sells services rather than products
- 10. A business that generates fresh produce and other farm products
- 12. A business that sells products directly to the people who use or consume them

- 13. Business that sells products to people other than the final customer

## Down

- 1. Annual series of publications providing economic profiles of counties, states, and the United States as a whole
- 2. Evaluation of your strengths and weaknesses
- 3. People who own, operate, and take the risk of a business venture

- 4. A business that actually produces the products they sell

- 5. A business that takes resources like coal out of the ground so they can be consumed
- 6. The ability to learn a particular kind of job
- 11. Special meetings where companies display their products
