

Erosion and Deposition

Across

4. a large mass of ice
 6. a pile of unsorted sediment deposited by a glacier
 11. A c shaped curve in a stream
 13. a pile of angular rocks
 14. a current that flows parallel to the shore

15. a downhill movement of a large mass

Down

1. layered sediment deposited by a stream
 2. a pile of windblown sand
 3. the movement of weathered material
 5. the process of scraping or wearing something away

7. a crumbly deposit of silt and clay

8. a deposit of material when a stream flows into a body of water
 9. a ridge of unsorted sediment
 10. the laying down of eroded material
 12. a rapid downhill movement of material
