

FDR Three R's plan

Across

1. A relief program that created jobs allowing young unemployed to build schools and Roads to help their country.
6. A relief policy that gave young men jobs and allowed them to work protecting the environment. They planted over 200 million trees to stop the Dust Bowl.
7. A recovery policy that regulated agricultural prices to reduce surplus and help farmers.
8. Constructed Public Works to ease unemployment and promote public welfare.
10. a recovery policy that set a minimum wage and enforced a maximum hour limit for a work day.

Down

2. A reform policy that protected citizens, and money would be refunded if lost.
3. A relief program that built dams to cease flooding and generate electricity for nearby towns. they built famous dams like the Hoover Dam.
4. Gave us citizens over 65 a paycheck and allowed them to live in retirement without working.
5. a relief program that required smaller down payments for housing loans, allowing more people to buy houses.
9. A relief program that gave money to states and cities to create and improve jobs.
