

Factors That Led To The Boom

Across

- 6. Producing products on a large scale
- 8. Goes vroom vroom when used
- 9. Buy now, pay later
- 10. Examples of this are; cars, vacuum, and washing machines

Down

- 1. Republicans did this so that Americans would spend money on American goods

- 2. Buying unnecessary stuff
- 3. Made foreign goods more expensive, giving American companies less competition
- 4. The president left business people alone to do their jobs
- 5. To spread awareness of a new product using posters and stuff
- 7. Companies that swallowed other companies
