# Fallacies Exercise

## Across

6. Appealing to the audiences's emotions in order to draw attention away from the issue

7. An idea of action which will lead to something unacceptable

9. The argument repeats the claim as a way to provide evidence

## Down

1. An argument extending an analogy beyond its limits

2. Somebody counter argues by appealing characteristics of the person making argument

3. An argument based on the opinion of a large number of people

4. An argument based on counterarguing a weak argument for the opposing side

5. Oversimplifying an issue as offering only two choices

8. Assuming that because b comes after a, a caused b

10. Any fallacy of distraction that ultimately leads away from the truth
