

Filmic Techniques

Across

5. _____ is often done from the window of an actual truck.
7. _____ effect is used to reminisce about events that have taken place in the past.
8. _____ angle is used to make the subject of a scene seem small and vulnerable.
9. _____ involves adjusting the lens of the camera to make the subject appear closer/further away.
10. _____ shots are often used as an opening scene.

Down

1. _____ is when the lighting is placed behind the subject of the scene to create a silhouette effect.
2. _____ angle's subject and scenery is not parallel to the edges of the shot.
3. _____ is the person who artistically creates the film and calls the shots.
4. _____ is when you move your camera horizontally; either left to right or right to left, while its base is fixated on a certain point.
6. _____ shots are used to display the subject's facial expressions and are shot from the shoulders up.
