

Financial Sitch 1558

Across

- 2.** Group of German ports. Allowed to trade at favourable rates so undercut English merchants.
- 3.** Tours of the kingdom by Elizabeth and her entourage.
- 10.** Punishment for not attending protestant church.
- 11.** The book that determined the rates of Customs Duties.
- 13.** The duties levied by Elizabeth's government on imported goods.

- 14.** Had the biggest (negative) impact on Elizabeth's finances.

Down

- 1.** The money market of Northern Europe. Made loans to those with good credit.
- 4.** How the government raised money for Elizabeth when she asked.
- 5.** The lowering of money's value by combining materials. Action taken by Henry VIII that damaged economy.

- 6.** Lands that generated revenue for the Queen.
- 7.** Financier and advisor to Queen Elizabeth on economic matters.
- 8.** The management system for Elizabeth's finances. Included the Receipt and the Upper.
- 9.** Needed to be maintained to an excellent standard in order to raise loans easily when needed.
- 12.** Elizabeth's sources a raising finance (e.g. estates, customs duties, patronage etc)
