

# First Steps to understanding

## Across

4. What are women who are virgins considered in society's view?
5. When is a person who is sexually abused valid as a person?
6. What else can constitute as sexual assault?
8. When does a person ask to be sexually assaulted?
10. What should be asked while committing sexual acts with anyone, even if already asked once?

## Down

1. What is the belief of the dichotomy between the "good girl" and "bad girl" called?
2. What are women called if they don't fit society's vision of the "good girl"?
3. What is penetration without consent?
7. Does sexual assault always come in the form of sexual penetration?
9. Is the only form of consent when partners involved consistently say yes to each step of a sexual act?
