

HYDROLOGIC CYCLE

Across

- 1.** an example of ?????????????? is when a plant absorbs water through its roots
- 6.** is the gaseous phase of water
- 8.** a thick cloud of dew released in the atmosphere
- 9.** the process of turning from liquid to vapor

- 10.** rain, snow, sleet, or hail that falls from the clouds
- 11.** the draining away of water
- 12.** the process of vapor turning in to a liquid

Down

- 2.** the branch of science concerned with the properties of Earth's water

- 3.** the process of turning from liquid to vapor
- 4.** a large body of water surrounded by land
- 5.** tiny droplets of water
- 7.** water droplets that fall from clouds to the Earth's surface
