

How do People make Cities?

Across

3. lack of zoning, economic disparities, lax laws in (blank) cities
4. AKA White Flight, selling homes to blacks and whites moving out of the neighborhood
6. slums with specific ethnic and cultural connections
9. people living in housing they don't own are called (blank) settlements

10. changing the central city to attract more residents and tourists

11. what social and cultural forces shape in a city

12. Rehabbing houses and selling at higher prices, basically flipping

Down

1. when people build whatever kind of housing they can, whenever they can

2. large homes that fill pretty much the entire lot

5. refusing to lend money to certain areas, usually based on race

7. poor housing, like tenements

8. tearing down an old house and building a McMansion
