

I LOVE MATH!

Across

4. Relationship between inputs and outputs
 8. vertical axis on a graph
 9. Another name for y values

11. The distance away from zero. Also known as "I I"
 12. y values when using a function machine

Down

1. name for $y=mx+b$
 2. Another name for x values

3. Rise over _____
 5. horizontal axis on graph
 6. _____ over run
 7. x values when using a function machine
 10. Measure of the steepness of a line
