

Insurance

Across

4. The insurance contract, that states the information and rules

6. The person/business who is getting the insurance

10. The action taken to get the benefit of an insurance policy when a covered loss occurs

11. Both parties must tell the whole truth

13. You can only insure something if you are the person who will be suffering the loss

14. The amount of an insurance claim which the insured has to pay

Down

1. A reduction in premiums of an insurance policy due to being a customer who has not made any claims

2. The company who is providing the insurance

3. You have to tell the insurance company anything that could be relevant

5. The insurance should put you in the same position as before the loss

7. A person who makes a claim

8. A sudden unforeseen and unintended event

9. The payment at regular intervals required to buy the insurance

12. The amount you are insured for; the maximum they would pay you if there was a loss
