

International Development

Across

3. More economically developed
6. This helps the poorest people in the world to find water
7. The rich north and the poor south
9. Combines Life Expectancy, Literacy Rates and Per Capita Income
10. Helps by giving money to farmers

Down

1. A toilet that is also used to make soil
2. The amount of women to die during childbirth
4. The number of children under the age of 5 to die
5. A way for people to get water from the ground
8. Not as economically developed
