

# Investing Lesson

## Across

2. Quality of an asset that permits it to be converted quickly into cash without loss of value; availability of money
5. Relationship of substantial reward compared to the amount of risk taken
9. Money that is invested, either tax deferred or tax free, within a retirement plan
10. Degree of uncertainty of return on an asset; in business, the likelihood of loss or reduced profit

## Down

1. The practice of dividing the money a person invests between several different types of investments in order to lower risk

3. Account or arrangement in which a person puts his/her money for long-term growth; invested money should not be used for a suggested minimum of five years
4. A list of your investments
6. The process of setting money aside to increase wealth over time for long-term financial goals such as retirement
7. Piece of ownership in a company, mutual fund or other investment
8. Securities that represent part ownership or equity in a corporation
