

Laboratory Apparatus

Across

8. store chemicals

10. heat objects

11. hold liquid for mixing

12. transfer a small amount of solid

13. measure the temperature

Down

1. transfer a small amount of liquid

2. measure the weight

3. measure the volume of liquids

4. hold liquid for evaporation

5. stir liquids

6. hold hot objects

7. place liquid on _____ for observation

9. measure time intervals
