

Name: _____

Date: _____

Lesson 3: How does Water Move in the Atmosphere?

Across

6. process of a liquid changing to a solid

8. a measure of how much energy is in a substance

10. liquid will change to a gas when you _____ heat energy

11. scientific name for the water cycle

12. process of a solid changing to a liquid

13. transfer of heat through direct contact

Down

1. gas will change to a liquid when you _____ heat energy

2. process of a gas changing to a liquid

3. movement and exchange of water between Earth's surfaces and the atmosphere

4. transfer of heat through the movement of gasses/liquids

5. a type of energy

7. transfer of heat through electromagnetic waves such as light

9. process of a liquid changing to a gas
