

Name: _____

Date: _____

Lipid Structures

Across

- 5. 1 double bond
- 6. Base of hormone molecules
- 8. Methyl end
- 9. Solid at room temperature

10. Lipid that composes cell membranes

- 11. 18:0
- 12. Function of lipids
- 13. Fear of water.
- 14. Simplest of lipids

Down

- 1. >1 double bond
- 2. Takes longer to digest, absorb, and transport
- 3. Liquid at room temperature
- 4. 18:2 delta 9,12
- 7. Carboxylic end
