

# Liver Transplant

## Across

5. A person that receives an organ from someone else is the \_\_\_\_\_.

7. Blood from the stomach flows to the liver through the \_\_\_\_\_ vein.

8. The liver produces an important digestive liquid called \_\_\_\_\_.

10. The substance created when the liver breaks down old red blood cells

13. A person that gives part of an organ to someone else is the \_\_\_\_\_.

14. The liver stores energy in the form of a sugar called \_\_\_\_\_.

15. When the skin and eyes appear yellow due to high bilirubin levels

## Down

1. These veins return blood from the liver to the heart using the inferior vena cava.

2. Your body's organ that cleans your blood is called the \_\_\_\_\_.

3. When your body treats your new liver like an intruder

4. This is the pathway for bile to move from the liver to the small intestines for digestion.

6. Bile, a yellow-green liquid, is stored in the \_\_\_\_\_ until it is needed for digestion.

9. Medicine to prevent rejection

11. A medical test to check on your liver's health

12. United Network for Organ Sharing
